

Burners

CODE 17950010

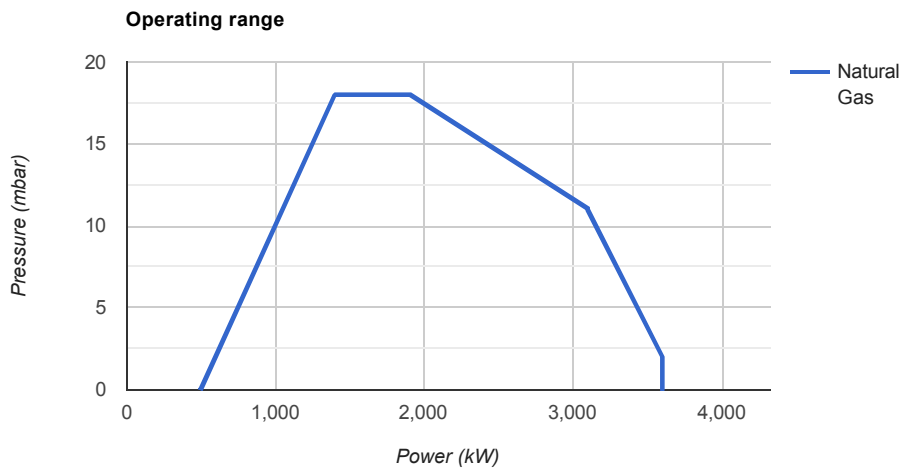

TBG 360 LX ME 50 HZ

Progressive/modulating two-stage gas burners with low polluting emissions with electronic cam.

- Two-stage progressive.
- Electronic modulating control.
- Low NOx emissions.

Operating range

Technical data

Fuel	Metano
Operation	Modulante Elettronico
Minimum Thermal Power (kW) to ErP	500
Maximum Thermal Power (kW) to ErP	3600
Min flow rate (Sm ³ /H)	53
Max flow rate (Sm ³ /H)	381
Electric power supply type	AC
No. of Phases	3N
Power Supply Voltage (V)	400
Power Supply Frequency (Hz)	50
Fan Motor Power (kW)	7.5
Weight with packaging (kg)	119
Width (mm)	1070
Depth (mm)	870
